AECOM Summer Internships Program 2025 Apply Now

Description

AECOM, a leading global infrastructure firm, is seeking a dedicated and skilled Civil Engineer to join our dynamic team. This role involves designing, developing, and overseeing construction projects, ensuring they meet environmental, safety, and design standards. The ideal candidate will contribute to high-profile projects that shape communities and regions, enhancing their infrastructure and quality of life.

Responsibilities

- Develop detailed designs and plans for infrastructure projects, including roads, bridges, and water systems.
- Conduct site assessments and feasibility studies to ascertain project requirements and constraints.
- Collaborate with multidisciplinary teams to ensure cohesive project execution.
- Oversee construction activities to ensure compliance with design specifications and safety standards.
- Prepare and manage project documentation, including reports, drawings, and specifications.
- Ensure all projects adhere to industry regulations and company policies.
- Engage with stakeholders and clients to provide project updates and manage expectations.

Qualifications

- Bachelor's degree in Civil Engineering or related field.
- Professional Engineer (PE) license preferred.
- Strong knowledge of construction methods, materials, and legal regulations.
- Proficiency in engineering software such as AutoCAD, Civil 3D, or similar tools.
- Excellent analytical and problem-solving skills.

Job Benefits

- Competitive salary and performance-based bonuses.
- Comprehensive health, dental, and vision insurance plans.
- Retirement savings plan with company matching contributions.
- Generous paid time off and holiday schedule.
- Professional development opportunities and tuition reimbursement programs.
- Employee wellness and support programs.

Experience

- Minimum of 3-5 years of experience in civil engineering or a related field.
- Proven track record of managing projects from conception to completion.
- Experience working in a fast-paced and collaborative environment.

Skills

- Strong communication skills, both verbal and written.
- Ability to work independently and as part of a team.
- Attention to detail and commitment to delivering high-quality work.
